PA State Elevator Inspection

Attn: Jon Durham

Dear Jon,

Per our conversation, the lift has been inspected and approved. The keys have been turned over and the key switch sent has been installed. I am rather impressed w/ your unit, as was the inspector. It is really a great idea and unlike most lifts, a really substantial unit. As mentioned, it really caught my interest when you sent me the install information. It was a pleasure in dealing w/ you and your associates. If you should need some help in our area again, feel free to give us a call. Enjoy the weather and keep the shiny side up!

Respectfully yours,

Matthew Grindel QEI
President
